## Experience

---

### Coach

Sep 2020 — Present

Bit Academy

The Bit Academy teaches programming at MBO level. I coached MBO students, teaching them web programming and data science with technologies such as HTML, CSS, JS, PHP, SQL & Python.

### Developer

Oct 2019 — Present

Bit

Bit develops innovative prototypes from the ground up using cutting-edge technologies. I work at Bit as a developer and have worked on many projects, from data science to mobile applications and advanced routing algorithms.

### Data Science Intern

Sep 2019 — Dec 2019

Machine Learning Programs

MLP applies machine learning in the insurance industry. I worked here as a data science intern, where I applied many machine learning strategies and techniques to real data.
